

As the institution gave importance and recognition to Batch 2020 via a virtual commencement exercises, the Optometry program sealed the roster of achievements, having produced graduates who garnered the highest honors: DR. CLAIRE L. CAMARGO, who was CUM LAUDE with an average grade of **1.653**, and DR. FEBHAZEL JEAN B. NOGOLLOS, who was hailed as MAGNA CUM LAUDE with an average grade of **1.531**. Both are achievers in their own right, and have been consistently in the DDC Honors List since they entered this institution six years ago.

Being the Class Valedictorian, Dr. Nogollos was also recipient of the **Manny Villar Excellence Award** and earned for herself as the **Most Outstanding Optometry graduate**.

We take pride in your achievements and we hope to welcome you in the professional world of Optometry very soon.

Congratulations for a job well done!
